

Our Modules

Designed to complement a school's administrative database or ERP solution. Choose from the following five modules.

1. Performance Analysis

A powerful data analytics tool designed to drive school improvement. Use data effectively to unlock barriers to learning.

2. My Class

Manage seating plans, view student data, assign home learning tasks, record actions and log behaviour events.

3. Behaviour

Track, manage and reward student conduct. Identify trends and use the data to make meaningful interventions.

4. Home Learning

Track and manage students' work. Have full control and insight into your school's virtual learning.

5. StudentVue

A complete home communication solution. Share live information with parents and students.

What is SchoolVue?

SchoolVue is a powerful online tool that genuinely helps a school to provide excellent provision and support for its students. Interpreting and sharing information is key to driving performance.

Who Uses it?

Networks of Schools

All education phases

School Leaders

Teachers

Parents and students

Our Story

SchoolVue has been developed in partnership with UK schools. Many of the features and ideas have come from the senior leaders and teachers who use it.

Data Security

Secure Network Infrastructure in the UK

Available 24/7 from any internet-enabled device anywhere
